Nursery Care... our Care Givers are ready to help with your little ones during the worship hour

Nursery Church is available for infants through 2 years of age. All caregivers are "Safe Sanctuary" approved because we care about the safety of our children.

We welcome children in our worship service and even provide activity folders for them. However, please know that our capable caregivers and teachers will provide loving arms and caring hearts for your little ones if desired.

Our nursery facilities provide a fun and safe environment for our children.
